## **ABOUT US**

We are a forward-thinking EdTech company committed to transforming education through innovative learning solutions. Our programs are designed to bridge the gap between academic knowledge and real-world skills, empowering students, educators, and professionals to achieve their full potential. With expert mentors, structured curriculum, and practical training, we create impactful learning experiences that inspire growth and excellence.

### **Message from Co-Founders:**

#### **“We believe your child can be Sculpted”**

We are a team of passionate educationist focused to deliver the best based on our skills. Our team consists of various blend of expertise from Research to Mentoring. Our inclination towards dedicated teaching format adds fuel to our passion. We at Lesson Plan Pvt Ltd, India aims to make a difference in Effective Teaching & Learning strategies. We bring here a unique proposition to cater the current need in the academics.

**Ashwini R J  
Co-Founder & Director**

#### **Every child is Unique; Let's give them a chance!!**

“Every child is unique; we need to figure out the spark within them. Let's unite to understand their silence, their fears and their hesitations, to provide them with a belief that they are unique and they can do it. Let their creativity be seen by everyone. Let's teach them how to rise again if fallen, how to succeed after failure and I believe it's possible if we come together under the same mission”  
**Mission: “Teach to Learn & Learn to Teach, India Chapter”**

S. Patil  
**Passionate Teacher & Educationist  
Co-Founder & CEO**

## **COMPANY VERTICALS**

### **Educational Consultation & Solutions**

We provide three major services: Consultation, Mentoring/ training & workshops (at your campus or In-house).
