LessonPlan Career Roadmap

Foundation Years (Class 6 to 10): Olympiads, Scholarships and the Class 10 Decision

LESSONPLAN CAREER ROADMAP
Compiled from publicly available sources. Items marked † should be confirmed on the official notification of the conducting body. Dates and rules change every year.

1. Pathway overview

Stage	When	Key decision	What it unlocks
Class 6	Age 11-12	Start Olympiads and reading habits; Sainik School entry (AISSEE) is possible	Early exam practice, school-level routes
Class 7	Age 12-13	Try Maths and Science olympiads; explore hobbies and sports	Skill building across subjects
Class 8	Age 13-14	NMMS scholarship test; IOQM (Maths Olympiad) open from Class 8; RIMC entry†	Scholarship (Class 9-12) and olympiad ladder
Class 9	Age 14-15	Junior Science Olympiad (NSEJS) possible; Sainik School entry at Class 9; choose Maths level (CBSE)	Olympiads, NTSE preparation
Class 10	Age 15-16	Board exams; NTSE; the big decision: stream and pathway	Stream choice, polytechnic / ITI / Agniveer options
After Class 10	Age 16+	Class 11-12 (PUC in Karnataka), diploma, ITI, Agniveer, or other routes	Pathway documents for each umbrella

2. Stage-by-stage nodes

Class 6-8: Explore and build

- Build reading, writing, Maths and Science basics. Try Olympiads for exposure, not pressure; sports, arts, quizzes and debates are equally valuable.
- Class 8 is the first key checkpoint: NMMS scholarship test (for government, aided and local body schools) and IOQM (Maths Olympiad) become available.

Class 9-10: Prepare and decide

- Maths level: in CBSE, Class 10 has Standard and Basic Maths. Basic Maths students were allowed to take Mathematics in Class 11 under relaxations for 2023-24 and 2025-26, subject to the school confirming aptitude, but the relaxation is tied to the old scheme and may end when the new scheme of studies is implemented. Choose Standard if Maths may matter. Karnataka SSLC rules were not found.†
- Class 10 is the exit point from school-level exams: stream choice (Science, Commerce, Arts), or diploma, ITI, Agniveer or other routes.
- Karnataka: after SSLC, Class 11-12 is the Pre-University Course (PUC). Common combinations: Science (PCMB, PCMC) and Commerce (HEBA, SEBA, CEBA and similar); the exact codes vary by college. Admissions usually open after SSLC results (May) with classes from June.†

Choosing after Class 10

- Science PCB: medicine, health, agriculture, life sciences (see Science PCB document).
- Science PCM: engineering, architecture, defence technical, research (see Science PCM document).
- Commerce: CA, CS, CMA, management, economics, law (see Commerce document).
- Arts and Humanities: civil services, law, psychology, media, design, teaching (see Arts and Humanities document).
