LessonPlan Career Roadmap

Master Index: All Umbrellas, Exam Calendar and Website Plan

SUBMISSION FOR REVIEW - NOT FOR PUBLIC RELEASE

This index covers the 14 pathway documents that follow (documents 2 to 15): Class 6-10 foundation, 4 streams and 9 umbrellas. Information is compiled from publicly available sources. Items marked **[VERIFY]** in each document are subject to confirmation against official notifications before publication. Reviewers are requested to mark corrections and indicate which sections are approved for the website mind map.

1. Objectives of the roadmap

- Provide one guided roadmap in which a student or teacher can enter a career goal, or explore by class and stream, and see the pathway as connected nodes.
- Cover the journey from Class 6 (olympiads and early exams) to career, including entrance examinations, minimum qualifications, scholarships, how often each examination is held, the tentative month, the pattern and the number of questions.
- Go beyond Science, Commerce and Arts to cover all major umbrellas (for example design, nursing and allied health, law, defence).
- Each examination or scholarship node opens a summary panel with the frequency per year, tentative month, pattern table and key eligibility; further detail leads to the inquiry form.
- Downloadable PDF with the LessonPlan watermark, logo and contact details: a detailed version (6-10 pages) and a one-page summary; OTP-gated download in a later phase.
- All content to be reviewed and approved by a subject reviewer before it is published.

2. Document map

Doc	Document	Covers	Source confidence
2	Foundation (Class 6-10)	Olympiads, NMMS, NTSE, AISSEE, Maths decision, PUC combinations	Medium; CBSE and Karnataka rules to be confirmed
3	Science PCB	NEET, KCET, CUET, IISER, MBBS to life sciences	Medium; NEET 2026 re-exam and rule changes noted
4	Science PCM	JEE, KCET, BITSAT, COMEDK, NDA, NATA, research	Medium; BITSAT and JEE Main details to be confirmed
5	Commerce	CA, CS, CMA, IPMAT, CUET, CLAT, ACET, BBA	Lowest of the streams; institute rules differ across sources
6	Arts and Humanities	UPSC, CUET, UCEED, NID, NIFT, NCET, TET, liberal arts, media	Low-Medium; fine arts and psychology thin
7	Law	CLAT, AILET, SLAT, KSLU, AIBE, judiciary	Medium; KSLU and judiciary rules unclear
8	Defence	AISSEE, NDA, CDS, AFCAT, Agniveer, TES, SSB	Medium; 2027 notices pending
9	Design and Architecture	UCEED, NID, NIFT, NATA, B.Arch	Medium; NID prelims details missing
10	Hospitality, Aviation and Maritime	NCHM JEE, pilot, cabin crew, AME, IMU CET	Low-Medium; DGCA rule change unclear
11	Health and Allied	Nursing, pharmacy, allied health, AYUSH	Medium; allied-health NEET rule new
12	Agriculture, Veterinary, Forestry	ICAR via CUET, KCET agri, BVSc, IFoS	Medium; BFSc and forestry thin
13	Polytechnic and ITI	Diploma, DCET, ITI, apprenticeship	Low; Karnataka 2026 notices not available
14	Skills and Entrepreneurship	PMKVY, start-up routes	Lowest; mostly outlined
15	Sports and Performing / Visual Arts	Khelo India, BPEd, BFA, performing arts	Low; arts thin

Each document has the same structure: 1 Pathway overview, 2 Stage-by-stage nodes, 3 Early exams, 4 Entrance exams, 5 Scholarships, 6 Courses and institutions, 7 Career outcomes, 8 Related umbrellas, 9 Source and confidence log, plus a one-page gist on the last page.

3. After Class 10: which document to open

If the student wants to become...	Start with
Doctor, nurse, pharmacist, therapist, AYUSH doctor	Science PCB, then Health and Allied
Engineer, architect, scientist, pilot, merchant navy officer	Science PCM, then Design and Architecture or Hospitality-Aviation-Maritime
CA, CS, CMA, banker, manager, economist	Commerce
IAS / IPS officer, teacher, psychologist, journalist, artist	Arts and Humanities
Lawyer or judge	Law (any stream)
Army, Navy or Air Force officer or soldier	Defence (Class 6/9, after 10, after 12, after graduation entries)
Designer or architect	Design and Architecture (B.Des any stream; B.Arch needs PCM)
Hotel manager, pilot, cabin crew, ship officer	Hospitality, Aviation and Maritime
Farmer, agri-scientist, veterinarian, forest officer	Agriculture, Veterinary and Forestry
Technician, junior engineer, skilled trades	Polytechnic and ITI (after Class 8 or 10)
Entrepreneur, self-employed professional	Skills and Entrepreneurship, plus the relevant stream
Athlete, coach, artist, musician	Sports and Performing / Visual Arts

4. How the umbrellas connect (mind-map links)

From	Links to
Foundation (Class 6-10)	All streams and direct routes (Polytechnic / ITI, Agniveer, Skills)
Science PCB	Health and Allied, Agriculture / Vet, Arts (Psychology), Defence (AFMC), Law (medical law)
Science PCM	Design and Architecture, Hospitality-Aviation-Maritime, Defence (NDA, TES, Navy BTech), Commerce (Actuarial)
Commerce	Law (BBA LLB), Management / IPM, Skills and Entrepreneurship
Arts and Humanities	Law, Design, Sports and Arts, Civil Services, Teaching, Media
Defence	Science PCM, Science PCB, Law (JAG), Aviation and Maritime, Sports
Design and Architecture	Science PCM, Arts, Commerce, Skills
Polytechnic and ITI	Skills, Science PCM (lateral entry), Defence (Agniveer tradesman)

Because some umbrellas are reachable from several streams, the website data should use IDs and links (a graph), not a strict tree.

6. Proposed website structure (for approval)

A. Entry points

- Search box: type "doctor", "design", "pilot", "CA" and the site opens the matching mind map.
- Guided path: current class (6 to 12), interest, stream; then nodes one by one.
- Class markers on nodes (for example "Standard Maths needed from here").

B. Node side panel (gist only)

- Exam or scholarship name; how often per year; tentative month.
- Pattern table: sections, number of questions, marks, negative marking.
- Minimum eligibility in one or two lines; link to the official site.
- Button: "Want more details? Talk to LessonPlan" which goes to the inquiry form (Google Form and Web3Forms as already planned).

C. Downloads

- Detailed document (Word / PDF, 6-10 pages) and one-page gist per pathway; LessonPlan watermark, logo and contact details on every page.
- OTP-gated download to be enabled later; for now the files are held on the backend.

D. Data and review process

- Every exam / scholarship node stores: id, name, body, eligibility, frequency, month, pattern, source URL, last-verified date and reviewer.
- Nothing is shown publicly until a human reviewer marks it verified; unverified items stay hidden or flagged.
- Re-verify every year (dates shift) and after any major rule change (for example NEET 2026 disruption, allied-health NEET rule).

7. Points for review and approval

- Are the 13 umbrellas right, or should any be merged (for example Skills with Polytechnic) or added (for example Public Services, Social Work, Languages)?
- Which board(s) should the site assume (Karnataka SSLC / PUC, CBSE, ICSE) and should Karnataka-specific exams get priority?
- Should the website show the full detail or only the gist plus a downloadable document?

- Who will review each document (subject expert per umbrella) and by what date?
- Approval to start building the mind-map page with the Science PCB and Science PCM streams first, then add the rest as they are verified?

8. Key risks and data-quality considerations

- NEET-UG 2026 was disrupted by a paper-leak cancellation and re-exam; NCAHP reportedly made NEET mandatory for allied health from 2026-27. Rules can change quickly.
- CA, CS and CMA schemes conflict across sources (articleship duration, exam frequency, CSEET pattern).
- Karnataka-specific facts (polytechnic and ITI admission, BCom, KSLU, fine arts, nursing counselling) were mostly unavailable from official sources.
- Many 2027 notifications (CLAT, UCEED, NID DAT, NDA I, CDS I, CSE) were not yet official at the time of checking.
- Scholarship amounts and income limits (NMMS, CSSS, INSPIRE-SHE, Khelo India) come from third-party sources and need official confirmation.
