Skills and Entrepreneurship (Skill Courses, Start-ups, Self-employment): Class 6 to Career

SUBMISSION FOR REVIEW - NOT FOR PUBLIC RELEASE
Government skilling and enterprise schemes change frequently. Information is compiled from publicly available sources, and several schemes (Startup India, MUDRA, NIESBUD, KSDC, apprenticeship) are outlined only. All items are subject to confirmation with the scheme authorities before publication. See section 9 (Source and confidence log).

1. Pathway overview

Stage	When	Key decision	What it unlocks
Foundation	Class 6-8	Build curiosity, money sense, communication and teamwork; try simple projects	Entrepreneurial and practical habits
Pre-board	Class 9-10	Try small projects, school fairs and digital skills; learn basic budgeting	Skill courses and start-up ideas
Stream choice	After Class 10	Any stream; combine school with a skill or vocational course	Skill certificates alongside Class 11-12
Skill training	After Class 10 / 12	Short-term skill courses (PMKVY / NSQF-aligned), ITI, vocational diplomas	Job-ready certificate
Start-up path	Class 11+	Idea, prototype, small sales, mentoring, incubator support	First venture or freelance work
Growth	Years later	Scale, funding, partnerships, formal degrees if needed	Business or professional career

2. Stage-by-stage nodes

Class 6-10: Foundation

- Decision: learn to save, budget and sell something small (school fair, craft, tutoring). Learn teamwork, communication and a digital skill (typing, spreadsheets, design, coding basics).
- School entrepreneurship or tinkering programmes (for example Atal Tinkering Labs and Startup India initiatives) may be available in some schools. **[VERIFY]**

After Class 10

- Combine Class 11-12 with a skill course in the evenings or holidays: digital marketing, coding, graphic design, accounting software, electrician or solar basics.
- Or move into ITI / vocational training (see Polytechnic and ITI document).

After Class 12

- Short-term certified training (PMKVY and NSQF-aligned courses), sector skill councils, vocational diplomas, apprenticeships. **[VERIFY]**
- Alongside a degree: internships, freelancing, small online or offline ventures.

Start-up and self-employment

- Steps: identify a problem, test with customers, build a minimum product, register the business, seek mentoring, loans or incubators. **[VERIFY current Indian schemes: Startup India, MUDRA, state schemes]**
- Karnataka has a strong start-up ecosystem in Bengaluru; incubators and college entrepreneurship cells exist. **[VERIFY]**

3. Early preparation and school-level routes

Exam / route	Conducted by	Classes	Details	Timing
School fairs, business-plan and innovation competitions	Schools, NGOs, banks	6-12	Teaches sales, budgeting and teamwork	Through the year
